Study would take few months

Council examines centre feasibility

Township of Glamorgan council is investigating the feasibility of constructing a multi-purpose community centre this year in the township.

Council made application to the Ministry of Culture and Recreation for a Wintario grant to conduct a feasibility study at its inaugural meeting, which was held December 12 and re-convened December 14.

The community centre would not contain an ice surface, explained clerk-treasurer Elva Bates, but would accommodate uses by community groups.

The study would only take a couple of months to complete, if undertaken, revealed the clerk-treasurer.

Council set the rates for snowplowing with township equipment at \$27 an hour with \$12.50 minimum charge and a rate of \$5 a driveway for pensioners in the village only.

Members of council set the policy for winter road plowing. Township roads will receive first priority, private roads second priority with the road superintendent having the discretionary power to accept or reject a request for private roadway plowing. No overtime is to be allowed for private roadway work.

Council approved for payment a general voucher of \$16,266.69, a road voucher of \$1,307.36, a welfare payroll of \$27 and an Ontario Home Renewal Program voucher of \$156.

Robert McCausland was appointed by council as the township delegate at the Ontario Good Roads Association Convention in February.

A motion was passed by members of council to petition the Ministry of Transportation and Communications for the final subsidy on the 1978 road expenditures.

Members of council approved the hiring of Jacqui MacDuff for a minimum of 14 hours a week work at the township office effective December 18 to May 1, 1979. At that time, council will consider the following month and come to some other agreement with her.

Council completed its appointments, which are effective immediately and terminate November 30, 1980. Jean Noseworthy, Yvonne MacDuff and Elida Hunter were appointed to the Library Committee, Albert White, Theodore Peacock and Thomas McColl were selected as Fence Viewers, Theo-

dore Peacock was appointed Stock Evaluator, Robert McCausland, David Frazer and Jean Noseworthy were selected for the Cemetery Board and James Manley (Chief), Caro Mintz and Dale Parnell were appointed Fire Wardens.

Appointed to the Parks and Recreation Board were councillors Robert McCausland, Ken Maguire, Betty A. Barr and Myria Stoughton for one year, James Crocker, David Woodall and Elva Bates for two years.

Members of council approved two severances at its inaugural meeting.

Council passed a bylaw to write off taxes in the township.

Robert Fotheringham and Ken Maguire were appointed as the Road Committee for the township until November 30, 1979.

Educator objects to 5 per cent

increase of funds

Provincial Treasurer Frank Miller announced to the Ontario Legislature "We will increase our transfers to local government and school boards by an average of 5 per cent."

"The result of this announcement from the Treasurer for 1979 will potentially lead again this year to deterioration in the quality of education, a rise in class size, a collapse of certain special education and other programmes, more teacher unemployment, an unfair rise (increase) in local property taxes, a further deterioration of the morale of teachers and a rise in confrontation levels between teachers and trustees", George Meek, President of the Ontario Public School Men Teachers' Federation, said Wednesday.

"In a time of 8.7 inflation, 5 per cent is just not fair nor enough."

Meek continued by stating: "The Treasurer has further violated the Edmonton Commitment by this action. At least the previous Treasurer, Darcy McKeough, attempted to explain his actions last year in terms of the Edmonton Commitment - this Treasurer has simply written it off. It would appear that the Provincial Government is continuing its programme of reducing its average commitment

Bomb hoax at Legion

'Bang' almost opens 1979

An estimated 325 persons were evacuated from a New Year's Eve celebration at the Royal Canadian Legion Branch 129 in Haliburton Village last Sunday while provincial police from the Minden detachment conducted a search of the premises after a bomb threat was received.

Police have charged a 53-year-old Haliburton resident, Charles David Shaw, with making a threatening phone call.

A Legion employee received a call at 10:30 p.m. informing him that a bomb had been placed on the premises and was set to explode at 11 p.m.

Police from the Minden detachment were already at the scene investigating a disturbance when they were informed of the bomb threat.

The occupants of the building were quickly evacuated while the police conducted a search of the premises. No bomb was located and the merry-makers were able to return to the function shortly after to ring in the new year.

Shaw, said police, had been refused admittance to the New Year's Eve dance. Police were called to the scene to investigate a disturbance.

Shaw is scheduled to appear in provincial court on February 13.

Constables Barry Connelly, Mike Legge and Brian Dunham investigated the occurrence.

Maude Boice celebrated her 90th birthday at Hyland Crest Senior Citizen's Home last Thursday. Mrs. Boice was presented with a plaque sent from the Government of Ontario, and several of the residents sang Happy

Birthday to her after the presentation. Mrs. Boice also received letters from Bill Scott, MP for Victoria/Haliburton and John Eakins, MLA for Victoria/Haliburton.

Toronto man hurt in mishap

A 32-year-old Toronto resident, Michael Harrison, suffered minimal injury in a single vehicle mishap last Friday at 2 p.m. at Redstone Lake Road.

Provincial police at the Minden detachment said Harrison was southbound when the right ski of his 1979 snowmobile caught in the slush and the machine rolled over.

Harrison was charged by police with failure to report a collision forthwith.

Damage to the snowmobile was estimated by police at \$800.

The mishap was investigated by provincial constable Weldon Popp.

An RR 1, Kinmount man, Leo Anthony, 48, was charged by provincial police with parked interfering with traffic after a two-vehicle accident last Sunday at 10:55 a.m. on Highway 35, north of Minden.

A northbound vehicle, operated by Delmas Long, 62, of Willowdale, attempted to avoid a parked vehicle driven by Anthony and struck the Anthony vehicle.

Damage to the 1973 model car owned by Long was estimated at \$1,200, while the Anthony pick-up received \$300 damage.

The collision was investigated by provincial constable Bob Pearson.

A 24-year-old Peterborough resident, Derinda Hewitt was charged by provincial police with failure to wear a seatbelt assembly following a two-car crash last Saturday at 6:20 p.m. on Highway 35.

Hewitt was southbound when she applied her brakes and collided with a vehicle stopped on the west shoulder, which was operated by James Sowerby, 28, of RR 2, Claremont.

Damage to the Sowerby vehicle was estimated by police at \$1,000, while the Hewitt car received \$600 damage.

Damage was estimated at \$1,100 in a two-car mishap last Friday at 1:45 p.m. on County Road 14 (Haliburton

Lake Road). An eastbound vehicle driven by Monika E. Preston, 27, of Thornhill came over a hill and saw a vehicle operated by Danny Stolarchuk, 22, of Toronto, stopped while a tow truck removed another vehicle stuck in the ditch.

Preston collided with the Stolarchuk vehicle resulting

in \$900 damage to the Preston car and \$200 to the Stolarchuk car.

The accident was investigated by provincial constable Al Barnes.

A single-car crash on Highway 35, north of Miner's Bay, last Saturday at 11 a.m. resulted in \$1,000 damage.

A northbound vehicle, op-

erated by Bruce Fraser, 43, of Islington, went out of control on the highway and struck several guide posts.

Damage to the 1976 model car was estimated by police at \$900, while the damage to the posts was estimated at \$100.

The accident was investigated by provincial constable Al Barnes.

Scott tries to secure DREE

Bill Scott, MP for Victoria-Haliburton, indicated recently that he will continue his efforts in the new year to secure designated status for this riding through the Department of Regional and Economic Expansion. The local member reported on recent developments in his on-going struggle to have the Federal agency consider Victoria-Haliburton as an area entitled to Government incentives for job creating programs. It will be recalled that in recent months various other areas of Canada, including the Prime Minister's Montreal riding of Mount Royal have been granted status to accept Government aid for businesses. Many individuals in Victoria-Haliburton find it hard to understand how their local area can thus be justifiably excluded from similar assistance.

On December 1, the local member continued his inquiry in the House of Commons and secured from the Minister of Regional and Economic Expansion a concession that his department was looking into possible ways to implement a new program. The Minister, Marcel Lessard, reported that as yet he was not ready to declare a designated area for the Victoria-Haliburton region but in a letter to Scott received December 4, reported that he did not rule out the

possibility of further extension of the boundaries in Ontario in the future.

Scott reports that he will continue his efforts on behalf of the local area. The Member is working jointly with the County Council of Haliburton and reports that the Ontario Ministry of Treasury and Economics is currently involved in an economic development study for Haliburton and district. Hopefully, that report will give added weight to the Member's presentation to DREE.

Newell given appointment

Mike Newell was appointed as the Township of Snowdon representative on the Land Division Committee of Haliburton County for a three-year term commencing at the beginning of 1979.

Snowdon council made the appointment at its inaugural meeting December 11.

Council completed several other appointments for 1979. Councillor Ron Burk will be council's representative on the Lochlin Community Hall Board, while Reeve Bob Vick will represent council on the Gelert Community Hall Board. The Township Road Committee will be composed of Deputy-reeve John Francis, who will be the chairman, and Councillors Bob Stewart and Ron Burk.

Members of council approved a road voucher of \$6,739.18, a general accounts voucher of \$13,478.41 and welfare payments of \$625.93 for November.

Council accepted an offer to purchase the east half of Lot 14, Concession 6 for outstanding taxes and penalties and interest and expenses incurred to date, subject to the approval of the Ministry of Intergovernmental Affairs designating the proposed purchaser as an interested party.

The plan for a work project as presented by the Ministry of Transportation and Communications, except for the Township road allowance between Lots 19 and 20, Concession 2, which will be brought up to Ministry and Township standards was accepted by council.

Council passed a motion expressing agreement with the resolution of the Town of Oakville regarding topless waitresses and the distribution of pornography.

Members of council gave Carl Dugan permission to

Railway claims losses heavy

CNR wants to abandon rails

Canadian National Railway has applied to the Railway Transport Committee of the Canadian Transport Commission to abandon the 55 miles of railway line between Haliburton Village and Lindsay.

"The Haliburton Subdivision is unprofitable and is likely to remain so," CNR stated in its report to the federal committee, "therefore CN is seeking an abandonment order to obtain relief from losses resulting from the operation of the line."

Rail service to Haliburton Village was suspended in April, 1978, after a bank slide occurred as a result of the adjacent river undercutting the face of the bank. The estimated cost to restore the track at mile 34.5 is \$75,000. "This substantial cost cannot be justified in light of the extremely low volume of car load traffic handled in recent years," the report stated.

Freight volume declined swiftly from 385 carloads in 1972 to 74 carloads in 1977, the report revealed.

"Generally speaking the line is in fair condition," stated the report.

The line was constructed in 1878 by the Fenelon Falls Railway Company.

"The operation of the lines over the last few years has resulted in substantial actual losses to CN," the report stated. "Due to the nature of the environment, there is little likelihood that commercial or industrial development would provide sufficient additional rail traffic to make rail operation profitable and hence Canadian National requests authorization to abandon operation of the Haliburton Subdivision from mileage 0.53 (Lindsay) to 55.49 (Haliburton Village) as soon as possible."

Passenger service to the village ceased in the early 1960s because traffic volume

Heather Bailey first 1979 baby

Heather Bailey, daughter of Gary and Christine Bailey, of Haliburton Village, is the first baby born this year in Haliburton County.

Heather was born Tuesday at the Red Cross Hospital at Haliburton Village and weighed nine pounds, four ounces.

She is the granddaughter of Mr. and Mrs. Merrill Bailey and Mr. and Mrs. Russell Neville.

dropped to a level at which regular service could not be justified, stated the report.

A CN Express service is provided to serve customers at all stations on the Haliburton Subdivision and is available five days a week, Monday to Friday.

"Local train service has been adjusted over the years to conform with the reduced volume of rail traffic," stated the report. "Train operation

on the line is presently at the minimum level, consistent with service requirements and no further economies can be realized by changing operating procedures."

"The elimination of track maintenance will result in reducing track maintenance staff, but those affected can exercise their seniority in obtaining work at other locations," the report stated.

AHM council make 1979 appointments

Anson, Hindon and Minden council completed its appointments for 1979 at a special meeting last Thursday.

Reeve Sinc Nesbitt was appointed Industrial Development Contact, Brian Sisson was selected for the Horticultural Society and R. C. Schell was appointed Wolf Bounty Officer.

The Standing Committee chairmen for 1979 were selected.

Councillor Len Lonsberry was selected head of the Property and Streetlights Committee, Roads, Parks and Sidewalks chairman will be councillor Lyle McKnight, reeve Nesbitt and councillor McKnight will serve as head of Water and Sewers Committee, councillor Doug Pritchard will head a Fire Department Committee and the Ambulance Committee chairman will be councillor Stuart Brandon.

Fire Wardens for 1979 are Earl Kent, Albert Cox, Schell, Dusty Sutherland, William Jackson, Allen Austin, Harold Burton, Harvey Barnhardt and Bruce Nesbitt.

Councillor Lonsberry was appointed Red Cross Society representative.

Appointed to the Cemetery Board were deputy-reeve Pritchard, councillor Brandon, Joe Cox, Alan Rogers, Gord Monk, Douglas McGee and Jeanette Payne.

Members of the Ontario Home Renewal Program Committee are reeve Nesbitt, deputy-reeve Pritchard, councillor Lonsberry and Bylaw Officer Schell.

Schell was appointed Businessmen's Association representative, while councillors Brandon and McKnight were appointed to the Administrative Committee of the Minden Curling Club and Fairgrounds.

Fire Wardens for 1979 are Earl Kent, Albert Cox, Schell, Dusty Sutherland, William Jackson, Allen Austin, Harold Burton, Harvey Barnhardt and Bruce Nesbitt.

Councillor Lonsberry was appointed Red Cross Society representative.

Appointed to the Cemetery Board were deputy-reeve Pritchard, councillor Brandon, Joe Cox, Alan Rogers, Gord Monk, Douglas McGee and Jeanette Payne.

Fees rise for drivers from \$100 to \$150

The uninsured motor vehicles fee, which must be paid by all uninsured owners and drivers in the province, will be increased to \$150 from \$100 as of January 1, 1979, Frank Drea, minister of consumer and commercial relations, announced today.

Ontario law requires that any motorist who does not carry minimum liability insurance must pay the fee to the Motor Vehicles Accident Claims Fund before a vehicle permit is issued.

The fund makes it possible for innocent victims of accidents to collect compensation for injuries and property damage sustained because of the negligence of an uninsured or unidentified driver.

The increase became necessary when expenditures of

the fund exceeded revenue for the first time in fiscal 1977-78.

Payment of the fee does not provide the motorist with any form of insurance coverage.

"An uninsured motorist who is found legally responsible for an accident, must reimburse the Motor Vehicles Accident Claims Fund the full amount of the judgement and legal costs it has expended on behalf of the claimant. This could end up costing \$100,000, the maximum claim paid by the fund, plus costs," Drea said.

In addition, if a claim is paid from the fund on a motorist's behalf, the license of both the driver and the owner of the uninsured vehicle will be suspended until

Downhill skiers were out in full force throughout last week, as conditions were ideal right up until New Year's weekend. This skier was seen at the ski hill at Sir Sam's Inn last Friday.

Motion passed at inaugural meeting

Stanhope council wants pilots to keep clear of homes

Stanhope Township council at its inaugural meeting December 6 passed a motion requesting that all pilots utilizing the Stanhope Municipal Airport to keep a maximum distance from local resident homes when approaching or taking off of the runway.

Fees rise
from page 1

The full amount of the payment has been refunded or an undertaking has been made to commence instalment payments.

"It is most important for motorists to realize that by not providing themselves with adequate liability insurance and using the Motor Vehicles Accident Claims Fund instead, they can find themselves paying for one accident for the rest of their lives," the minister said.

The fund will continue to exist after the introduction of compulsory insurance on December 1, 1979 to reimburse victims of hit-and-run drivers and those involved in accidents with uninsured drivers from other jurisdictions.

Metric changes

Many motorists will be purchasing gasoline and motor oil by the litre beginning in January, 1979. The metric conversion of service station pumps to dispense in litres instead of gallons will be a gradual process, scheduled to be completed by the end of 1980.

The petroleum industry plans to convert pumps first in the major population centres following a plan developed by their metric conversion sector committee and published two years ago by Metric Commission Canada.

A tank fill-up may vary from less than 50 L for small cars to over 80 L for large ones. Results of oil company test programs in Canada and the United States using service station pumps dispensing in litres have shown that motorists adapted quickly to the changeover. Most drivers continued to buy gasoline in terms of a tank fill-up or the number of dollars worth they wanted.

Educator objects
from page 1

to education while forcing local school boards to increase their average commitment through local taxes. Since 1975 the Province has reduced its average per dollar grant from 62.5 cents to 53.5 cents on the dollar and apparently has done nothing again to restore another previous commitment to maintain the 60 cents on the dollar level.

"We all recognize we are in times of some restraint but why is it that education and other social services should feel the brunt of it with the Province expecting a growth in 1979-80 revenue in the range of 9 per cent to 10 per cent? We certainly hope this was only an interim statement and that there is more money to come, taking into account a few of the recommendations on finance contained in the Commission on Declining Enrolment Interim Report."

Council authorized the reeve, clerk-treasurer and assistant clerk-treasurer to make use of the wallet depository facilities at the Canadian Imperial Bank of Commerce at Minden, and generally transact any business of the Municipality with the bank.

Members of council passed a motion supporting the local Manpower Outreach Branch and recommended the Department of Manpower and Immigration make financial assistance available for the continuance of this facility for the next federal fiscal year.

Authorization was given by council for the advertising of the Township in the 1979 Lure Book published by the Haliburton Highlands Chamber of Commerce. Council recommended the same display as last year and the cost not exceed \$300.

Winter weather means change of habits

Winter days can turn mean quickly when the weather changes or when you've travelled a long way from help on your skis or snowmobile and an accident happens.

Bill Melville says if you think ahead a bit before you start on a cold weather outing, you can probably prevent trouble or at least be prepared to deal with it if it comes. Melville is a north-erner who knows how to work in the cold. He's Area Commissioner for St. John Ambulance and an expert on First Aid. He's also a purchasing agent for Ontario Hydro, and has done his share of following the route of power lines in some bleak and chilly parts of Ontario.

He says, "You've got to look ahead when you're going out into inclement weather. Prepare for the worst, no matter how good the weather is when you start out, prepare for the way back and for emergencies."

"We carry blankets or sleeping bags in the car all winter. We always have matches and a flashlight in the glove compartment, and two or three chocolate bars. I carry sand and a shovel, flares, and an axe to cut firewood, because if you're really stranded you can't leave the car motor running. Even if you only leave it on 15 minutes at a time, you'll soon be out of gas. And I carry a First Aid kit."

If you're going skiing, snowmobiling, skating outdoors, dress for it, wear a face mask, and carry extra clothes if there's a chance the weather will get colder as the day goes on.

Find out what the wind chill factor is, especially if you're driving a snowmobile. On a still day, when the temperature is 10 degrees above zero (minus 12 celsius),

Correction

It was incorrectly stated in the last issue of The Echo that the present location of the Bank of Montreal was built by Bill Borden in the 1950s. It was actually constructed by Bill Freeman. We apologize for the error.

Council passed a motion to instruct the clerk to forward a copy of the letter from the Ministry of Housing with respect to Part Lot Control Bylaw to Raymond G. Selbie, Barrister and Solicitor acting on behalf of Mr. and Mrs. Fletcher for his information and future consideration.

Members of council passed a motion requesting the Ministry of Transportation and Communications to erect a checkerboard sign at the intersection of the Buckside Road and Highway 35.

Authorization was given the reeve and clerk to execute documents relative to the VON rates for 1979.

Council authorized the transfer of \$4,500 to a special reserve fund in the name of the recreation committee for recreational purposes.

A motion was passed by

members of council to order seven one-year subscriptions of the Municipal World for 1979 for council and office.

Members of council okayed the sending of councillor Harry Davis as the delegate to the Ministry of Treasury Seminar for councillors held at Orillia, January 19 and 20, 1979. Council will cover expenses including \$35 registration up to a total of \$100.

Council completed its appointments for three years. Councillors Elvin Johnson and Harry Davis were appointed to the Recreation and Parks Committee for 1978, 1979 and 1980. Councillor Davis was appointed to the Dumps Committee for the same three year period. Councillor Roger Woods was appointed to the Fire Department representative for 1978, 1979 and 1980. Deputy-reeve Elgin Stouffer will serve as the council representative on the Airport Committee for the same three-year period.

Reeve Jim Harrison and deputy-reeve Stouffer were appointed as council representative on the Roads Committee for 1978, 1979 and 1980. Ontario Home Renewal Program representatives for the same three-year period will be reeve Harrison, Jim Moore and clerk-treasurer Gerald Bain. Councillor Johnson was appointed to be council representative on the Library Committee for the same three-year period.

Council approved \$300 for the clerk, \$200 for the assistant clerk, \$200 for the roads superintendent and \$100 for the bylaw officer as an expression of appreciation

from council for performance beyond normal duties. Members of council also authorized the giving of a turkey for each permanent Township employee.

Members of council authorized the payment of a

general voucher of \$4,262.86, a road voucher of \$5,141.76 and November 1978 welfare of \$1,701.44.

Council passed a bylaw to authorize the borrowing of money.

concerns more than just the Ministry of Health."

An interministerial committee has been established to examine the entire matter of consent. The committee, comprising representatives from the Ministries of Health, Community and Social Services, and the Attorney General, will seek the widest possible advice from interested groups and individuals both within the government and the community. It will report to the Cabinet Committee on Social Development and the Cabinet Committee on Justice by July 1, 1979. It is planned that the recommendations of the committee will be ready for legislation by the time the prohibition is lifted in September of 1979.

Grants awarded

Homeowners in Ontario have received a total of \$6,859,738 in grants awarded under the Canadian Home Insulation Program (C.H.I.P.), Ontario C.H.I.P. Co-ordinator, Arnie Rose, announced Wednesday.

As of December 1978, 43,011 applications were received from Ontario and 31,675 cheques have been issued to financially assist the re-insulation of older homes.

Council authorized the reeve, clerk-treasurer and assistant clerk-treasurer to make use of the wallet depository facilities at the Canadian Imperial Bank of Commerce at Minden, and generally transact any business of the Municipality with the bank.

Members of council passed a motion supporting the local Manpower Outreach Branch and recommended the Department of Manpower and Immigration make financial assistance available for the continuance of this facility for the next federal fiscal year.

Emission guidelines released

Guidelines recommending limits on atmospheric emissions from packaged incinerators in Canada were announced Wednesday by Environment Minister Len Marchand. The guidelines were developed under the federal Clean Air Act.

Packaged incinerators - usually assembled and ready for use - are employed by institutional, commercial, and industrial establishments. They typically have a burning capacity of 100 kilograms of solid wastes per hour, although they vary in size up to 900 kilograms per hour.

As a result of their operation, several air contaminants are emitted - particulate matter, hydrogen chloride and sulphur dioxide. Odor is also a problem under certain conditions.

While the total amount of these pollutants is relatively small on a national scale, they can be a significant source of local pollution and nuisance complaints. There are an estimated 10,000 of these incinerators currently operating in Canada.

The guidelines were developed in co-operation with industry and provincial authorities. The intent of the

Guidelines recommending limits on atmospheric emissions from packaged incinerators in Canada were announced Wednesday by Environment Minister Len Marchand. The guidelines were developed under the federal Clean Air Act.

Packaged incinerators - usually assembled and ready for use - are employed by institutional, commercial, and industrial establishments. They typically have a burning capacity of 100 kilograms of solid wastes per hour, although they vary in size up to 900 kilograms per hour.

As a result of their operation, several air contaminants are emitted - particulate matter, hydrogen chloride and sulphur dioxide. Odor is also a problem under certain conditions.

While the total amount of these pollutants is relatively small on a national scale, they can be a significant source of local pollution and nuisance complaints. There are an estimated 10,000 of these incinerators currently operating in Canada.

The guidelines were developed in co-operation with industry and provincial authorities. The intent of the

Council authorized the reeve, clerk-treasurer and assistant clerk-treasurer to make use of the wallet depository facilities at the Canadian Imperial Bank of Commerce at Minden, and generally transact any business of the Municipality with the bank.

Members of council passed a motion supporting the local Manpower Outreach Branch and recommended the Department of Manpower and Immigration make financial assistance available for the continuance of this facility for the next federal fiscal year.

Authorization was given by council for the advertising of the Township in the 1979 Lure Book published by the Haliburton Highlands Chamber of Commerce. Council recommended the same display as last year and the cost not exceed \$300.

Authorization was given the reeve and clerk to execute documents relative to the VON rates for 1979.

Council authorized the transfer of \$4,500 to a special reserve fund in the name of the recreation committee for recreational purposes.

A motion was passed by

members of council to order seven one-year subscriptions of the Municipal World for 1979 for council and office.

Members of council okayed the sending of councillor Harry Davis as the delegate to the Ministry of Treasury Seminar for councillors held at Orillia, January 19 and 20, 1979. Council will cover expenses including \$35 registration up to a total of \$100.

Council completed its appointments for three years. Councillors Elvin Johnson and Harry Davis were appointed to the Recreation and Parks Committee for 1978, 1979 and 1980. Councillor Davis was appointed to the Dumps Committee for the same three year period. Councillor Roger Woods was appointed to the Fire Department representative for 1978, 1979 and 1980. Deputy-reeve Elgin Stouffer will serve as the council representative on the Airport Committee for the same three-year period.

Reeve Jim Harrison and deputy-reeve Stouffer were appointed as council representative on the Roads Committee for 1978, 1979 and 1980. Ontario Home Renewal Program representatives for the same three-year period will be reeve Harrison, Jim Moore and clerk-treasurer Gerald Bain. Councillor Johnson was appointed to be council representative on the Library Committee for the same three-year period.

Council approved \$300 for the clerk, \$200 for the assistant clerk, \$200 for the roads superintendent and \$100 for the bylaw officer as an expression of appreciation

from council for performance beyond normal duties. Members of council also authorized the giving of a turkey for each permanent Township employee.

Members of council authorized the payment of a

general voucher of \$4,262.86, a road voucher of \$5,141.76 and November 1978 welfare of \$1,701.44.

Council passed a bylaw to authorize the borrowing of money.

Sterilization suspended

A regulation, under the Public Hospitals Act, has been passed which will suspend surgical operations in public hospitals for the sterilization of children under the age of 16, Health Minister Dennis Timbrell announced today (Wednesday).

The prohibition applies in respect of all children except where the attending physician believes the surgical operation to be medically necessary for the protection of the physical health of the child.

The regulation will be in force until September 30, 1979, which will afford time to assess the ramifications of this complex problem. Timbrell said that a letter is being sent to all hospitals in Ontario to inform them of the prohibition.

"In addressing the problem of sterilization of children, many questions were raised about the whole matter of consent to medical treatment," Timbrell said. "The answer to the question of who should have authority to consent on behalf of another person is not always clear. This applies not only to minors but also to mentally incompetent persons of any age. It is a matter which

concerns more than just the Ministry of Health."

An interministerial committee has been established to examine the entire matter of consent. The committee, comprising representatives from the Ministries of Health, Community and Social Services, and the Attorney General, will seek the widest possible advice from interested groups and individuals both within the government and the community. It will report to the Cabinet Committee on Social Development and the Cabinet Committee on Justice by July 1, 1979. It is planned that the recommendations of the committee will be ready for legislation by the time the prohibition is lifted in September of 1979.

Grants awarded

Homeowners in Ontario have received a total of \$6,859,738 in grants awarded under the Canadian Home Insulation Program (C.H.I.P.), Ontario C.H.I.P. Co-ordinator, Arnie Rose, announced Wednesday.

Council authorized the reeve, clerk-treasurer and assistant clerk-treasurer to make use of the wallet depository facilities at the Canadian Imperial Bank of Commerce at Minden, and generally transact any business of the Municipality with the bank.

Members of council passed a motion supporting the local Manpower Outreach Branch and recommended the Department of Manpower and Immigration make financial assistance available for the continuance of this facility for the next federal fiscal year.

Authorization was given by council for the advertising of the Township in the 1979 Lure Book published by the Haliburton Highlands Chamber of Commerce. Council recommended the same display as last year and the cost not exceed \$300.

Years Agone ...in Minden

West side of Main St. in the 40s

The old-timers around Minden might remember dancing the jig in the upstairs section of Delemere's Hall. Or perhaps some of them remember walking across the Gull River on a solid bed of logs jammed up in a stretch of two miles. Or maybe the people stand out in their memories.

And well, by golly, those were the days.

Sure you could find lodging extremely cheap at a Minden hotel around 1910, but when it rained, the streets became a sea of mud. You could lose your boot in the suction if you weren't careful.

And if you wanted work, it could be found around Minden. Maybe you'd work for the Hugh Workman sawmill that used to be located where the Orillia Power Dam is now. If cutting work didn't appeal to you, there was always the handle factory which made lumberman's tools such as pike-poles, peevies and axes. And believe it or not, crops were good when the first farmers began working the land. Grain, potatoes and root crops did well. But the bottom of that industry fell out when rain washed the good soil away, and left a shallow bed of inferior soil.

If you happened to be passing through Minden around 1864, you'd probably see a few houses, a hotel, where you could find cheap lodgings, a store or two and a blacksmith's shop. The old log house north of the town near the stream running into the Gull River was the first warehouse and sleeping quarters for the lumber camps. If you wanted a bed there, you had to work for it.

Cookhouse on log drive

A log taken out near Minden

An icing tank to ice the logging roads

If you decided to work for one of the many lumber companies in the area, say, for a week or so, it would mean long hours and sleepless nights. If you were log driving, it often took one and a half years for logs to reach their destination in Deseronto on Lake Ontario. And you could stay with the drive that long if you had a notion to, or needed the money.

If you were lucky enough to have the time to travel from Minden to one of the other towns around the County, it'd take you about five and a half hours to reach Hall's Lake. Minden to Gelett spent you three hours. When the mail arrived, it was sorted regardless of the hour and given out as soon as the organizing was done.

Mr. and Mrs.

David Bishop,

Haliburton.

Minden after 1942 fire

If you spent time in Minden prior to 1907, you'd see a sign on the old bridge straddling the Gull River past Main Street. It read "Any person or persons crossing this bridge faster than a walk will be prosecuted according to the law." The local sheriff didn't take too kindly to any youngster trotting across that rickety, old bridge. The little boy or girl might have been on their way home from school, which was located then across the road from the present facility. A two-room school house was built opposite the original, and lasted until 1940, when the present school was constructed.

As the County seat, Minden is also the oldest village in the Highlands. The place today is a growing, bustling center which attracts tourists and summer residents alike. Looking at it today, you might find it difficult to believe it was nothing but a logging camp location at one time.

But the old-timers, for some reason, will tell you with wisdom and confidence that, by golly, those were the days.

Tourism planning

Long range planning by the provincial government is needed in Ontario to ensure the tourist industry strengthens and grows in future years.

Victoria-Haliburton MPP John Eakins told members of the Standing Resources Development Committee in December the provincial government is not using its expertise to embark on long range planning of tourism in the province.

"Because I believe that without direction, without a goal to work toward, our efforts with the tourism sector are lost," he said.

Residents of Haliburton County, who depend heavily on the tourist industry, must urge the province to examine the long range aspects of tourism in Ontario.

Travel habits have drastically changed over the years and the government along with tourist operators must recognize that fact.

In Ontario, tourism is the province's second largest export industry and accounts for 11 per cent of Ontario's employment. "Its uniquely labour-intensive nature makes it an extremely significant sector of our provincial economy especially in times of high unemployment," explained Eakins to the committee.

Although tourism provides a significant contribution to the economy of the province, problems exist within the industry. A report of the Liberal Task Force on Tourism revealed three main problems exist in the industry. It pointed out that the industry suffers from over-regulation, taxation and a negative attitude towards tourists.

With a total of 14 ministries which have regulations that apply to tourist operators, the report recommended the establishment of a central ministry of tourism. It should be possible for the government to appoint a director of tourism who would make all other ministries aware of their effect on tourism before new bills are passed.

The report revealed tourist operations are overtaxed. Tourist operators in Ontario must pay taxes on a 12-month period, even though a large number of them cannot operate for more than three or four months of the year. A seasonal tax credit scheme to ease the burden on such operators is recommended by the report.

Tourism awareness is the final area of fault found by the report, which recommended the establishment of a program to foster an awareness of tourism's vast impact on the economy of the province.

Governments are reluctant to implement changes unless they are reasonably certain that those changes will be accepted by the majority of voters.

Long range planning is required by the province to strengthen the tourist industry in Ontario and to ensure a healthy economic base for the residents of Haliburton County.

Residents of Haliburton County should make it clear they want the provincial government to improve the tourist industry and ensure a better livelihood for themselves by embarking on a program of long range planning for tourism.

Keep the tracks

The Railway Transport Committee of the Canadian Transport Commission should not allow the Canadian National Railways to remove the 55 miles of railway track between Haliburton Village and Lindsay until its possible future use has been thoroughly explored.

CNR has made application to the federal committee to abandon the railway line.

Although the line remains unused at present, its possible future use has not been yet determined. A more intelligent approach would be to leave the tracks in place for a 10-year period to allow the municipalities in Haliburton County an opportunity to investigate a possible use.

The economic development study underway in the County may provide an insight into the possibility of utilizing the railway line. With the focus on forestry and tourism, the study may reveal the need for rail service in Haliburton County in the future.

Although the line has not been used since 1977, when the CNR discontinued its freight trains, possible future uses may exist.

CNR in a report submitted to the federal committee says it is seeking abandonment of the line to obtain relief from losses resulting from operation of the line.

The line is obviously unprofitable at present, but to remove the tracks could result in a loss of opportunity of economic development for the County.

A possible use of the line may be as a tourist attraction. A train could carry tourists on an excursion from Haliburton to Lindsay and back again. Such operations already exist, with a train operating from Toronto to North Bay and another from Ottawa to Maniwaki.

The hasty removal of the tracks would be a mistake which would be irreversible.

"Serving the Highlands for over 95 years"

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for over 95 years. Established in 1882 as The Minden Echo and Haliburton Recorder, and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited in Haliburton, Ontario, Box 360, R1M 1S0, Phone 457-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads as to their classifications and to edit or reject any copy.

Letters to the Editor

To the Editor:

Refreshing news in The Echo; the date ice leaves Head Lake, bargains at Kennedy's, price of food at Welch's General Store.

Not too much on muggings or rapes or peace treaties that no one will honour.

Great little paper, Lots of County news, nice to read Creighton Feir articles.

However, like the Canadian Tire catalogue, or United Church Observer, it will never take the place of Eaton's catalogue.

Guy Wallace,
425 Kingswood Road,
Toronto, Ontario.

To the Editor:

As President of the Haliburton and District Lions Club I wish to advise you that the Lions Club was not represented at the meeting at PineStone Inn. An article published in your paper suggests that this organization, which was mentioned by name, submitted a brief or recommendations at the meeting in regards to the future role of the Minden/Haliburton Hospitals.

The Haliburton and District Lions Club was not involved in any submissions that at any time reflected an opinion in regards to the area hospitals.

Russ Andrus,
President,
Haliburton and District Lions Club

Ward boundaries need reviewing

Peterborough's new city council will head into the new year with two formal meetings under its

belt and a host of matters that merit considerable, if not immediate attention.

One item that does deserve review is the arrangement of boundaries of city wards. The electorate showed in the November municipal election that the ward system is favored, but there is some question that present boundaries are the best ones.

City council has taken the initiative in this case and has instructed the city clerk to develop a proposal to redefine present borders "to assure a more equitable distribution of voters in each ward."

Cyril Carter, chairman of the Keep the Wards Committee, was quick off the mark this week when he appeared before council with some proposed changes. He favors six wards rather than five, or he'd possibly leave one large ward in the central area with double representation. Whatever the case, Mr. Carter feels the wards should conform to community interests rather than street lines.

We're not sure at this stage whether Mr. Carter's proposals are the best solution to a perceived problem, but we give him full marks for his positive and immediate response to council's request for input.

If his example is followed, the ward boundary question can be decided early in council's term and an information program can be developed. It will take a lengthy period of time for the public to become educated about any change, and in light of cries of confusion about the ward system question on the recent ballot, it is imperative that any changes are crystal clear in the minds of the electorate before the next election.

Peterborough Review

Editor's Notebook

by Gord Lavoie

Over the past four months, I noticed that many readers don't know the difference between an editorial and a news story. A newspaper, whether weekly or daily, is very diversified in its content. It contains news, sports, editorials, letters to the editor and columns.

An editorial is an expression of opinion, while a news story never expresses an opinion, but presents the facts in an objective manner. The news writer is very careful not to place his or her opinion into the story, but lets the facts speak for themselves. An editorial presents a point of view on an issue. It attempts to provoke thought among the readers by presenting reasoned criticism or praise over a particular issue. An editorial takes a stand on an issue by expressing an opinion based on a thorough knowledge of the facts at hand and is written after both sides of an issue have been carefully weighed in the mind of the editorial writer.

The main purpose of an editorial is to stimulate thought about a particular issue in the community or area it serves, such as in our case - Haliburton County. Editorials are expressions of opinion and are not meant to be taken as the 'gospel' on any subject. If a reader disagrees with the opinions

expressed in the editorial, he or she should put their thoughts down on paper and send a letter to the editor. Space is provided on the editorial page for readers to express their opinions. It exists for your use.

A news story is an objective presentation of the facts of a particular issue or number of issues. It presents both sides of an issue by quoting the opinions of the individuals involved in the particular situation. It is up to the reader to decide for his or herself, after reading the story, which point of view they agree or disagree with and why. The news writer presents the facts in an objective, informative and enlightening manner when approaching a news story.

Basically the difference between an editorial and a news story is the first expresses an opinion, while the second presents the facts of an issue in an objective manner.

Both sides of an issue deserve a fair hearing in the community or area served by the paper. Newspapers attempt to fulfill that obligation through its editorials and news content. Readers can become more involved in the process by expressing their opinions, either through a letter to the editor or by talking to the editor over the phone or in person about a particular issue or story.

Feir Play

by Creighton Feir

Well here we are in a brand new year, 1979, with the old year behind us and we look into the future with anticipation to see just what the new year holds in store for all of us. We cannot predict just what lies ahead, but we would like to view it with the hope that we will have prosperity and peace throughout the world. There is one thing for sure and that is that we will have a federal election this year and the campaign leading up to voting day should prove to be very exciting.

Word that the Canadian National Railway are applying to have the line between Haliburton and Lindsay closed to us doesn't seem to make very good sense. We must admit that this section of the railroad has not been a paying proposition for the past several years and it's fine to close the line but let's hope that they do not tear the tracks up. This would be a grave error as we never know when we will have to put the line back into operation. In the past, we have not planned too well for the future and we can't just worry about today, we must think ahead to what might happen in the future.

At this time of year, one of the things that motorists must be on the lookout for and that is snowmobiles crossing highways or county roads. They seem to dart out from some of the side roads and if road conditions happen to be the least bit slippery it makes it hard to avoid hitting them.

Our own Ron Stackhouse, who plays defence for the Pittsburgh Penguins of the National Hockey League, is having another great season. The last time we looked over the statistics he was in sixth place for total points on the team. This is good for a defenceman.

While on the subject of hockey many local hockey fans are very upset to think that we are being deprived in this area of picking up the Wednesday night hockey games on TV. Only those in the viewing area covered by CHCH TV in Hamilton can see the games. It's all find and dandy to say that the Hamilton station outbid CFTO for the viewing rights but where is the CBC. Let's not forget that we as taxpayers in this country must subsidize the Canadian Broadcasting Corporation to keep it on the air, so why doesn't it give us the right to have the opportunity to watch the Wednesday night games. Instead if you watch the CBC on Wednesday nights when the hockey game is on you are forced to watch some of the garbage they present us with such as ballet or opera which draw a very limited audience. If these programs were popular they would have sponsors but this is not the case, it's put on free. If the hockey games were on then, we would at least be receiving some revenue.

In light of common conceptions of MPs and their finances, I thought you might find the enclosed clipping from one of the Ottawa newspapers to be of interest. Many of us think that the MPs are all rich and making a fortune, this is far from the truth. We quote from a clipping taken from Jim Robb's column in the December issue of the Ottawa Journal. The friends of John Munro, former labour minister, gathered in a Hamilton church hall recently to pay respects to the fallen political boss at a big fund raising dinner. Unfortunately, it wasn't as big as Munro or the organizers had hoped, sources close to the minister report. They wanted to raise \$80,000 to help the long-time Liberal stalwart with his politically accumulated debts. But some said last week they figure if \$20,000 winds up in the till they will be lucky. The tickets went for a top price of \$1,000, a bottom price of \$50, with the average somewhere in the vicinity of \$250. Only a few were sold at the \$1,000 price tag and what really stunned the organizers were the number of people Munro had extended a helping hand to in his years in office who turned them down. It came as a tremendous shock that men and women who had been aided by the minister didn't want to support the fund raising effort. Munro made it known, through some of his friends, a source said, that he was going to be looking over the attendance with a gimlet eye to find out who his friends are. Unquote. This just doesn't happen to the Liberals, it also is a fact of life with the Conservatives and the NDP. No, being an MP isn't all a bed of roses.

I want to take this opportunity to thank all those who submitted photos for our weekly Pic of the Past section during the past year. I would also like to inform all of our readers that we have some more real interesting pictures coming your way this coming year. We hope that you will enjoy them.

Many of my friends have asked me if I was going to make my predictions for 1979 in my column. I had decided that maybe I would but after thinking it over I thought I would leave it alone. In the past my predictions on various things have been wrong and if you can't bat 500 it's better to leave it alone. There is one thing that I would like to see you do and that is to drop me a line on what you would like to see happen in the County in the new year. I would only be too pleased to reprint these items in future columns. Please give it some thought and let me know what you are thinking.

There are not too many events upcoming in the next month here in Haliburton County but we can always look forward to the annual Minden and Haliburton Winter Carnivals and Snowarama. Speaking of Winter Carnivals, we hope that the people of Minden and Haliburton will leave their outside Christmas lights up and turn them on when the Winter Carnival dates arrive.

You know every year when the old year runs out and we ring in a new year it has been the custom to play and sing "Auld Lang Syne". I don't know about you but every time this music is played it seems to stir me up inside and the memories of friends all seem to unfold within the matter of minutes. If we hear it sang or played it certainly stirs our emotions.

From the Chamber

by Bob Stinson

Don't forget "Treat Them Royally"

All indications have suggested that this may be our busiest winter yet here in the Highlands. Snowmobile sales are reaching record levels and cross country skiing participation has been doubling every year. During this week between Christmas and New Year's, the office has been extremely busy helping out various winter sports enthusiasts with their inquiries. So at the beginning of another tourist season, and with this in mind, the Chamber is making arrangements to keep the office open seven days a week throughout the busy winter season. It is therefore in the best interest of all members to make sure we have an adequate supply of your brochures, cards, price lists or anything of interest to the general public on hand.

Last summer the Ministry of Industry and Tourism introduced the 'We Treat You Royally' campaign which all of us should wholeheartedly support. The campaign is intended to be continuous and with our second tourist season just getting underway, may we suggest you dig out the campaign buttons, posters and stickers and treat them royally attitude, and make sure our visitors do feel welcome and wish to return again.

New Slant on Economic Development

During the recent municipal elections virtually all candidates stressed the importance of acquiring light industry for their areas. The need for light industry, like motherhood, cannot be disputed, but acquiring it is another matter entirely. Competition throughout Ontario and indeed Canada, is fierce in industrial development and in some areas a full-time economic development commissioner is considered highly successful if he can manage to land even one new industry for his area in a year. County Council in their inaugural meeting recognized that a fresh approach must be taken to this problem and have decided to work in close co-operation with the Chamber to develop a meaningful economic development commission. Details of the new commission have yet to be worked out, but president John Hogg has indicated the Chamber welcomes the challenge and will work hard towards realizing concrete results.

The staff of the Ministry of Treasury and Economics that are involved in the economic survey of Haliburton County met with us last week to discuss Chamber involvement in their study. We look forward to getting a considerable amount of help from these people in setting our goals and directions realistically. Workshop sessions will be planned over the next two months to provide some input from our membership that may be helpful in assessing our problems and the solutions. We are pleased to say that this would appear not to be just another study that is provided, read and put on the shelf but a very sincere effort to provide members of our community with some very real advice and assistance.

Andy Hill

Two summers ago, Andy Hill was employed by the Chamber as foreman on a Young Canada Works program which was involved in repairing, painting and redecorating the Chamber office and the Information Caboose at Haliburton. We were shocked and deeply sorrowed to hear that Andy was just killed in a tragic automobile accident near Newmarket. Our sincere sympathy goes out to his parents Keith and Mildred Hill of Ingoldside. We at the Chamber, and Lorri and Sheila, who worked with Andy, will cherish fond memories of our association with him.

Wildlife has a "Boiler Room"

Last summer, a log cabin building course took place at the base camp of Haliburton Forest and Wildlife Reserve. The building that was started by members of the course has now been completed and is being prepared for the use of the cross country skiers and snowmobilers who use the facilities at the reserve. The chalet has been called "The Boiler Room" in honour of the huge set of cast iron doors which leads to the kitchen. These doors were taken from the boiler which previously generated steam to run the sawmill and were made at a foundry in St. Catharines. Pat Wadell's leadership at the reserve continues to make it one of the most unique facilities of its kind anywhere in Canada and certainly a facility of which the Highlands can be justly proud.

Happy New Year

Of course, a Happy New Year from the Chamber means a prosperous one. We, the staff at the Chamber, and the board of directors are dedicated towards the goal of a prosperous membership. It is not however something we can do for you by ourselves, we need your continued support and co-operation. If we all pull together we can make it work.

NEED HOLIDAY MONEY?

See Victoria and Grey first... It's in your own best interest.

Few of us make a major purchase without "shopping around" for the best deal, but how many of us shop around for the best deal in personal loans?

There is a difference.

Call or drop in to our office and inquire about our personal loan plans.

Pic of the Past

Our Pic of the Past this week will take you back a long way. The photo shows members of the Orange Lodge walking along the main street in Haliburton on a church parade. The house on the right is where the old IGA store now stands and the house on the left is the present site of Cliff Dawson Insurance Agency Ltd. Our thanks to Marjorie Hansen of RR 2, Haliburton, for submitting the photo. We are unable to track down the exact year the photo was taken.

Bill Smiley

Here we are staggering into another year, and nothing done, not a single resolution made. Ah, well, I don't believe in resolutions anyway, except for the fun of breaking them. A man does the best he can, and all the well-intentioned resolutions in the world won't make him do any better.

Looking back over the last year, I feel it was much like any other; ups and downs, tumbles and turveys, ins and outs, sideways and backward, no real progress, but no real retreat, either.

My son managed to survive another year among the piranhas and pythons and poisonous snakes of Paraguay. He is now a graduate masseur and acupuncturist, hoping to make enough from his new trade to come home for a visit, after five years.

I can hardly wait for him to arrive. My teeth and hair are still falling out, my arthritis is giving me hell, I have a bum back, and I could use a little free massage and acupuncturist. Even though I'd prefer a masseuse. And an acupuncturist.

My daughter lurched from one crisis to another, as is her wont, but managed to chalk up another degree and charm or weasel her way into a job as a high school teacher, after six months of dearth. Any year, or any decade now, she won't be expecting handouts from the old man.

My grandboys got a year older, survived various fatal diseases, acquired some very colorful expressions that I cannot repeat, and elicited

from one beleaguered babysitter the statement that they were the worst kids she'd ever tried to handle.

The Old Battleaxe and I battled it out for another 12 months, lost a little skin here and there, each won a number of skirmishes, but neither won a decisive battle, and the war goes on, sometimes cold, sometimes hot.

We had a great trip to Europe that lasted three weeks and cost me so much that I won't be able to retire until I'm 83, at least reckoning.

Everything went up again: insurance, taxes, heating. And everything else came down: snow, ice off the roof, the Canadian dollar, the confidence of the Liberal party, branches off my big oak tree, and the number of years left to live.

It was a year like any other: fraught with terrors and horrors and pain and misery and depression and loneliness all over the world and in our private lives. But also replete with simple joys and sudden happiness and special moments and overwhelming love and occasional peace.

Wonder what '79 will be like. Heck, I don't have to ask. I know. It'll be the same as last year, only more so.

My two rotten old rusty cars will be even rotter and rustier, and I'll have to buy a third-hand turkey to replace them.

My students will be even thicker in the thatch than this year's crop, and I'll have to reach even further into the well to try to motivate them. There's only so much water in

that well. Then it turns to mud. So be it.

My wife will go on thinking that listening to her worry about her daughter, her son, her brother, her father, her grandchildren, her sister-in-law, are more important than my reading the paper.

My grandboys will go on being a source of utter delight and utter despair to me, sapping my strength at the same time as they give me new life.

My pay will go up six per cent and inflation will go up 13 per cent. So I'll stop eating beef, which is hard to mangle with a partial plate anyway.

I'll make about 800 decisions. Based on past performance, 738 of them will be wrong, according to my wife. She will make 400 decisions and 400 of them will be right on.

My son will wind up with a total of \$24 profit from his new profession and wire me for air-fare for a visit.

I'll lose a few more chunks of my corpus. This past year it was a few teeth and a piece of nose. In '79 it could be anything: gall bladder, liver, prostate, or other unmentionables. I've got lots of parts.

The ice will back up on my roof this winter, and crash through the new plaster on the living-room ceiling. I'll tell my wife it's a mercy we weren't sitting there when the roof came in.

The picture tube on my TV will expire right in the middle of the Stanley Cup final. I'll hustle over to my neighbour's.

Report from Queens Park

by MPP John Eakins

Under a bill introduced by the Government, land-owning privileges will be extended to all religious groups. Currently, such privileges are only available to Christian and Jewish organizations, who may own property without having to record a new deed of transfer every time there is a change in trustees. The new law extends the same benefits to any "association of persons that is charitable...organized for the conduct of religious worship, services or rites, and that is permanently established both as to the continuity of its existence and as to its religious beliefs, rituals and practices." Specifically listed are Buddhist, Christian, Hindu, Islamic, Jewish, Baha'i, Longhouse Indian, Sikh, Unitarian and Zoroastrian groups.

The Government also introduced legislation to make industry responsible for the clean-up of all spills involving toxic substances. It includes a provision that if industry does not clean up a spill rapidly enough, the Environment Ministry will move in, do the job, and bill the companies responsible. The Bill, described by the Minister "as unequalled in Canada", is designed "to impose clear responsibility for cleanup and to enable my Ministry to take immediate control of the situation if required." In an interview, he stated that the Government has "no clear authority to go in and clean up a spill. Now, we'll be able to

go in and clean it up right away. That will solve a lot of problems."

Liberal Environment Critic Murray Gaunt called the bill "a substantial step forward. It's something we've been advocating and pressing for a long time." He said the Liberals have had "great difficulty in trying to convince the Government that this is the move they should make."

This legislation was prompted by a number of spills involving toxic industrial contaminants in recent years in which immediate cleanup procedures were impeded because of inadequate provisions in the Environmental Protection Act. For example, there was a major spill near Dowling, located some 30 miles northwest of Sudbury in November 1973. About 1,000 gallons of transformer oil containing toxic polychlorinated biphenyls (PCBs) were spilled when a CP rail freight train derailed and split open two electrical transformers. The Environment Ministry was severely criticized for allowing this spill to deteriorate. A tribunal of the Environmental Appeal Board ruled that "it is clear that by delaying initial cleanup instructions until June 1976, the Ministry had allowed the situation to deteriorate from serious to catastrophic."

The last days of the session were quite hectic. A number of ministerial statements were made, and the House passed Bill 70, providing for comprehensive health and safety coverage of most workers in the Province. Summing up the budget debate for his party, Ian Deans (NDP Wentworth) gave his last speech as a member. He plans to resign his seat soon, and will rejoin on February 1 the Hamilton Fire Department, where he had worked prior to his first election to the Legislature in 1967.

The appointment of Mr. Justice Donald Morand of the Ontario Supreme Court as Provincial Ombudsman was endorsed by all parties in the Legislature. The motion making the appointment was introduced by the Attorney-General and seconded by Liberal Leader Stuart Smith. It passed easily, with little debate. Dr. Smith and the Leader of the NDP paid tribute to Judge Morand as a respected jurist, and said they were looking forward to working with him in his new position.

County Echo Sports

Defeated by Le Sarre in championship game

Minden reaches final in Pee Wee tourney

Le Sarre players swarm around Minden net

Plenty of excitement in Monster Showdown

Even the Bancroft goaltender took matters into his own hands at the game against the Haliburton Huskies last

Friday night in Haliburton.

Haliburton County residents had the opportunity to see some of the finest Pee Wee hockey in Canada played right here in Minden last Thursday and Friday when the Minden Rotary Club sponsored the first Minden International Pee Wee Hockey Tournament.

And the element that made the tournament even more exciting was the fact that the hometown Minden team made it all the way to the final championship game. Teams from Langton, Fenelon Falls, Bracebridge, Haliburton, Peterborough, Stouffville, Englehart, Cannington and Le Sarre, Quebec. Teams from the United States were to attend, but last-minute problems caused them to miss the tournament. A team from Noranda, Quebec also could not make the competitions.

The tournament officially

Along the Trails by Roy Bates

Season Opened With Successful Dance

A snowmobile crowd estimated at 150 persons enjoyed the first dance of the season put on by the Haliburton County Snowmobile Association in the Minden arena auditorium Saturday night, December 23.

Highlight of the evening was the draw for a 1979 Ski-doo blizzard. Proud owner of the new machine is Jim Crosby of Oshawa, a long time member of the club. Congratulations Jim. May

your prize give you many hours of happy snowmobiling.

Bombi Booser Windfall

Windfalls along the trails have been giving the Bombi crews a hard time this year, but Saturday night saw smiles of happiness on faces of HCSA directors brought on by a windfall of another kind. This was a cheque of just under \$340 which was presented to the club on behalf of the executive officers of the Shiretail Sports Club of Ingoldsby.

While the disbanding of any snowmobile club is regrettable, the gesture of the Ingoldsby group in turning over their remaining funds to the HCSA for use in its trail improvement projects is truly appreciated. A special thanks to Otto Homestead and Jim Hamilton, and to all former members of their club for this expression of faith in the association.

Trails Improving

The new snow that arrived on Christmas morning has greatly improved the prospects of smooth trails for the new year. But don't look for all trails to be open. Those windfalls are taking longer to clear away than was at first expected. It appears that the only area not severely struck by high winds is the Donald - Gelert - Gooderham area. But here we have unusually rough terrain to contend with. Hopefully by the time you read this, we'll have these trails whipped into half-decent shape.

A few games were played in Minden, Haliburton and Wilberforce minor hockey leagues during these past few weeks, but the Tri-County Pee Wee teams from Haliburton and Minden played a game in Haliburton last Saturday that made up for the lull in action.

The two County squads played a very even match right up until the last minute of action. But it was the Minden team which came off the ice the winners after they

got underway on Thursday morning when the two old rivals of the rink, Haliburton and Minden, got together for game one. Minden drew first blood when Scott Hamilton scored at 7:31 unassisted. Haliburton tied the game at 2:31 when Kelly Mitchell scored with assistance on the play from Christ LaPorte. Minden again took the lead at 1:35 when Bernie Upton put the puck in the net on an unassisted goal.

The second period saw Haliburton again tie the game on an unassisted goal at 4:44 from Jeff Bain. Both teams skated off the ice at the end of the period with the score tied at two.

But Minden showed their strength in the final period when they scored three goals in a row. Hamilton scored his second of the game at 6:01 with assistance on the play from Paul Walker. Scott Yake assisted to give Hamilton a hat trick at 1:05, and the final goal of the game came with 41 seconds to go when Yake scored. The final score: Minden - 5, Haliburton 2.

Fenelon Falls met Bracebridge in game two, with Fenelon shutting out the Bracebridge team 3 - 0.

A 1 - 1 tie was the result of an exciting and extremely close game between Stouffville and Cannington. Stouffville won the game since they scored the first goal of the game.

In game four, Langton beat out Peterborough 8 - 1. Probably one of the finest games of the tournament was played between the teams from Le Sarre, Quebec and Englehart. These two hockey squads played to a 3 - 3 tie, but Le Sarre came away the winners since they scored the first goal of the game.

At the end of the first day of eliminations, a "Monster Showdown" competition was held with almost every player of the tournament taking part. Each player had the opportunity to take three shots on the competing goaltenders. Those players who scored more than two goals advanced to the finals and the goaltenders making the most saves remained in the competition. At the end of the competitions, Mario Lachapelle of Le Sarre emerged as the top shooter, while the top goalie was Ronald Boudreault of Englehart.

The hockey action resumed on Friday when the semi-final eliminations and consolation games got underway. Game six saw Englehart beat out Bracebridge 5 - 2.

Minden won another match in game seven when they played Langton to a 4 - 2 victory. Langton scored the first goal of the game. However, at 9:53, Minden tied it up at the 5:00 mark when Hamilton scored with assistance on the play by Kevin Warburton. There was no scoring in the second period.

Period three saw Minden scoring at 9:35, 6:47 and 4:12. Warburton scored the first goal assisted by Hamilton. Doug Schell scored the next

goal assisted by Jeff Stamp, and Robby MacLeod put the puck in the net with help from Ron Yake. Langton had the final say with 37 seconds to go in the period when they managed a goal.

Haliburton beat out Cannington in game eight by a score of 3 - 1.

It was Jeff Bain of Haliburton who scored the first goal at 6:01 with assistance by Barry Boice. In the second period, Mike MacNaull scored another Haliburton marker at 4:37 with Mitchell backing him up on the play.

At 3:19 into the third period, Dave Giles, with assistance from Mitchell, scored the final Haliburton goal. It was Cannington who scored the final goal of the game at 2:21 with the final score ending at 3 - 1 in Haliburton's favour.

Fenelon Falls defeated Stouffville in game nine 6 - 3, and in a close match that nearly gained them a standing in the consolation final, Haliburton was defeated by Peterborough 3 - 2. Scorers for the Haliburton squad consisted of Harold Rowbotham and Mitchell, who was assisted on his goal by MacNaull.

In the semi-final championship game, Le Sarre beat out Fenelon Falls 4 - 2. In the consolation championship game, Englehart were the victors when they beat out Peterborough 8 - 2.

But the crowds gathered for the climax game of the tournament when the hometown Minden team met the strong Le Sarre squad to decide the tournament championship.

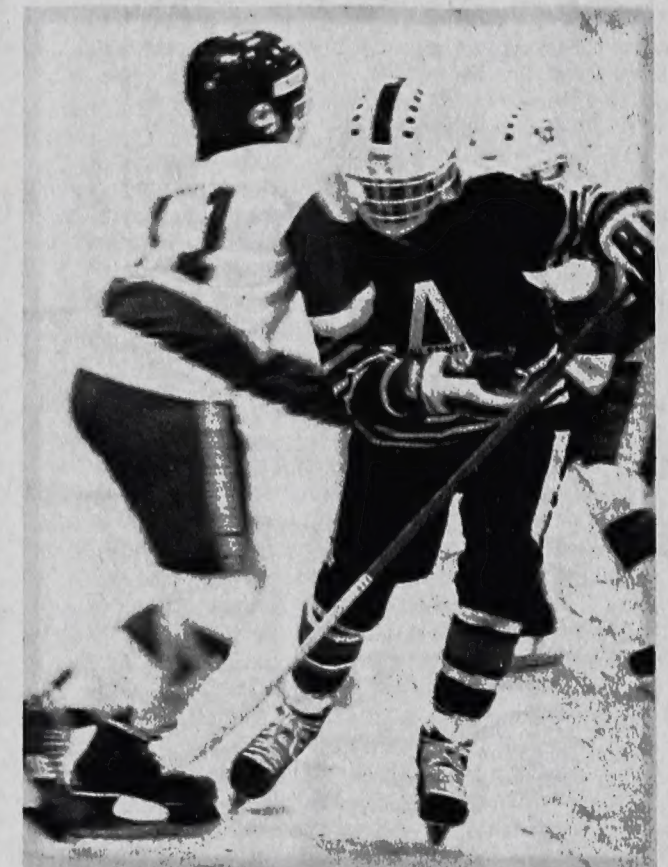

Le Sarre scored the first goal of the game at 7:45 in the

first period. The lead by the visiting team was increased two more goals in the second period when they executed some outstanding passing plays deep in Minden territory, despite determined defensive maneuvers by the hometown boys.

The lone Minden goal came in the second period as well. Warburton flipped the puck up over the Le Sarre goaltender on a pass from Yake.

That was the final goal of the game, and no scoring came about in the third period. The few attacks that the Minden team could muster were doused by the stronger Le Sarre team, and consequently the visitors won the tournament championship.

Trophies and crests were presented to the respective teams and the showdown winners following the final game.

Englehart player bodychecks defenseman

Two Le Sarre players celebrate with a victory dance following their win over Minden in the tournament championship game. The team, which is from Quebec, beat the hometown team by a score of 3 - 1. A large crowd gathered for this final game, and the Le Sarre team consistently outplayed Minden throughout the game. The hometown boys, however, had the final say when Kevin Warburton scored near the end of the third period. Trophies and crests were presented to the respective teams and showdown winners following the final game.

Little hockey over holidays, but Pee Wees continued

scoring the final goal late in the third period. The scoring began in the first period with Minden at the 3:54 mark. Kevin Forbes took a pass from Jeff Howe and John Dillon to score the opening goal. No further scoring resulted in the period and both teams ended up incurring one penalty apiece. Haliburton tied the game with only 51 seconds left in the second period. Len Johnston picked up the marker with assistance from

Scooter Burgess and Mike MacInnes. Haliburton incurred a penalty in the period.

Come the third period, Haliburton took the lead when, at 13:02, Brad Chambers, assisted by Miriam Smith, scored. A wider margin was afforded by the Haliburton squad when Johnston scored his second goal of the game with assistance on the play from Dave Woods and Trevor Powers. But the bottom fell out for

Forbes again and Sean Allore. At 2:31, the game winner for Minden came when Allore, with help from Dillon, scored and sealed the victory from the visiting team. Minden ended up with three penalties in the third to Haliburton's one.

Haliburton at 7:24, when Minden began their comeback. Howe made the score 3 - 2 when he scored assisted by Forbes and Mike Gorveait. The game was tied with five minutes and 50 seconds left when Howe scored his second goal of the game for Minden with help on the play from

Even the Bancroft goaltender took matters into his own hands at the game against the Haliburton Huskies last Friday night in a game that showed that the Huskies can play good hockey without a scoresheet full of penalties, and three; well, the team's morale seems to be back in shape.

Following their 6 - 3 loss in Lakefield on December 23, the Huskies bounced right back in Haliburton Friday night to beat the visiting Bancroft squad. As well as Brown, Huskies leftwinger Chris Hodgson came up with a hat trick in the game.

But the penalties still are hurting the Huskies. Thanks to power plays, Bancroft scored three times. Scoring originated with Bancroft at 1:25 of the first period. Huskies rightwinger Ed Roberts scored at 5:28, with backup on the play by Brown and leftwinger Joe Roberts. Bancroft scored two power play goals in a row at 7:05 and 10:54 when defenseman Mike Iles and

Tim Oram received tripping and holding penalties respectively. Ed Roberts was tossed out of the game at 11:20 when he fought with Greg Raine. The Huskies then came back at 11:35 and 13:37 to tie the score at three.

Hodgson scored his first of the game with help on the play from defenseman Kevin O'Hara and centre Tim Bain. Brown scored the final goal of the period with Bain and Iles

assisting.

Period two saw the Huskies halt their rash of penalties and turn to playing the game somewhat more cleanly.

Hodgson came up with his second of the game at 5:19 with back-up from defenseman Dwight Sisson and centre Randy Barras. But another penalty from O'Hara for interference at 10:17 caused Bancroft's fourth goal, third on a power play, at

12:08 to tie the game at four. Brown scored the final goal of the period and his second of the game at 19:37 unassisted.

The third period saw the Huskies take complete control of the play. Bain scored at 1:49 with assistance from Brown, and five seconds later, Brown scored again for his hat trick. The final goal of the game, and the fatal seal for Bancroft came at 4:04 when Hodgson scored un-

sisted. Oram was given a ten-minute misconduct at 16:53 in the period and sat out for the rest of the game.

With their confidence at least partially restored, the Huskies will take on the last-place Bobcaygeon team this coming weekend in double home games. The first game will be played at 8:30 p.m. at the Dysart arena, and the second will be played on Sunday, January 7 at 2:30 p.m. also in Haliburton.

A Bancroft player has a word with one of the Huskies team mates during a scuffle at the game on Friday.

Brown, Huskies combine to give Haliburton hope

It looks as if the Haliburton Huskie's luck has changed.

Number one; their newly acquired centre, Dave Brown, who was just recently released from the Minden Juveniles to play for the Huskies, came up with three goals and two assists in the Huskie's last game. Number two; the Huskies handily beat the league's leaders last Friday night in a game that showed that the Huskies can

District News

Chatting with Irene

by Irene Moore

Boy, will I ever be glad to get back to the normal way of working and living. Next week, I will have time to get my letters and thank you notes off as I sure haven't had time this week.

Today was spent at the arena for the first day of the Rotary International Pee Wee tournament. It sure was a busy place, although we were able to get all the scores, only saw the last period of the last game. We wanted to stay and watch showdown, yeah I got it right (I hope). All day I have been saying "shoot

out" and they have been correcting me, but I figured if we had to be there at 7 a.m., I'd better get home and do the column. Five games and scores - Minden 5, Haliburton 2; Fenelon Falls 3, Bracebridge 0; Canington 1, Stouffville 1 (Stouffville got first goal); Langton 9, Peterborough 0; Englehart 3, LeSarre 3 (LeSarre got first goal). All as you can see were close, except the one, and who knows what will happen tomorrow? Have just heard that the showdown was a great success.

The Spike Moxams and the

Wayne Moxams spent the Christmas holiday in London, Ontario.

Mr. Glen Stamp and Glenda of Oshawa spent the holiday with relatives in Minden.

Winner of the large stuffed dog at Home Hardware was David Coulter and the winner of the trip was John Sibthorpe.

Brad Robinson was home from London to spend Christmas with his parents Mr. and Mrs. Phil Robinson.

I had a chat with Mike Harrison while he was home for the holiday and he says he enjoys his work in the city. By the way when I asked him about being so slender he told me it was the hard work he was doing?

Now that Christmas is over, one wonders why a person or persons would try to break into any place of business. Last week, the lock was jimmied or at least someone tried to jimmy the lock at the bus depot. Luckily, they did not succeed.

Mr. and Mrs. Paul Heffer spent the Christmas holiday in Kingsville.

Even with Christmas day being so stormy at times, and the men being called out to snowplow and sand the

roads, from what I hear a good time was had by all.

I know that there were a lot of people visiting whom I have not mentioned, but if you do not let me know it is hard to get the names in the paper. My phone number is 286-1674 so be sure and call if you have any news.

Christmas weekend was a busy time at the Milt Sears, as their family kept coming and going; the Reg Leamans were there for a while, as were the Paul Warburtons, the Glenn Sears dropped in for a while as did Muriel Ewing and boys, also Sandra Sears; they weren't all there at once; that was rather nice for it prolonged the weekend.

The Ross Ballantynes and the Jim Howes visited in Toronto last week.

Progress is when everyone pushes in the same direction; lend a hand, do more than your share.

By the time you read this, Steve Davies and a boy-friend from Toronto will be on their way home from Denmark, where they spent the Christmas holiday.

The Paul Yearwoods of Lively spent the Christmas holiday with relatives in the village.

Cont'd. page 12

Norland Notebook

by Barbara Maunder

Another new year has arrived and I hope that the holiday season has been a very pleasant and happy one for all of you. May 1979 be the best year yet.

The Norland Leathercraft Society's draw was held on December 19 and Emma Windatt of Fenelon Falls won the first prize leather picture, second prize winner of a leather wallet was Sam Routley of Coboconk and Norland's Fred Kay was the third prize winner of the key case. Members of the society thank everyone who supported this their first effort to raise money for their newly formed club. President Hilda Chynoweth (454-3206) would be pleased to hear from anyone in this area who would be interested in learning more about leather tooling and would like to attend the leathercraft's monthly meeting, held the last Thursday of the month in Norland Public Library.

While our son and daughter-in-law and their cat, Misty were visiting with us over Christmas, the cat disappeared the first night (Saturday) that they were here. Everyone was sure that she would come meowing to the door the next day but when we hadn't seen her by Monday afternoon, we were expressing doubts that she would return. About 6 p.m. on Monday evening, a faint

meow was heard which was traced to under the floor of our back shed. There is only one spot that an animal can crawl under the shed and it was blocked by newly fallen snow. With some shovelling and a little coaxing, Misty appeared from beneath and was royally welcomed back to her family. We decided that she must have crawled under the shed sometime on Sunday and when it started to snow and pile up later, she couldn't get out again so was trapped there until we heard the meowing. On Tuesday, Misty was quite content to stay inside until she was taken to the car and left for her home in Ottawa. As they say, all's well that ends well!

A group of young people were out carolling in Norland on Sunday Christmas Eve and we hope that you were as enchanted as we were when we heard their voices singing out with some of the Christmas songs and carols. This year's givings of about \$13 will be presented to the Norland Baptist Church. Our congratulations to these teens who took the time to bring a little joy to some at this special season of the year.

Lions, Earl Sutherland and John Maunder, of the Coboconk Lions Club attended the Haliburton Lions meeting in

the Legion Hall, Haliburton on Thursday, December 28. A busload of Lions from Newmarket were also guests at this meeting.

For today's teachers and even those who aren't teaching perhaps you will get a chuckle from the following rules of conduct for a teacher (obviously female) taken from a 1915 magazine:

You will not marry during the term of your contract. You are not to keep company with men. You must be home between the hours of 8 p.m. and 6 a.m. unless attending a school function.

You may not loiter downtown in any of the ice cream stores. You may not travel beyond the city limits unless you have the permission of the chairman of the board.

You may not ride in a carriage or an automobile with any man unless he is your father or brother. You may not smoke cigarettes.

You may not dress in bright colours. You may under no circumstances dye your hair.

You must wear at least 2 petticoats. Your dress must not be any shorter than 2 inches above the ankle.

To keep the schoolroom neat

and clean, you must sweep the floor at least once daily, scrub the floor at least once a week with hot, soapy water, clean the blackboards at least once a day and start the fire at 7 a.m. so the room will be warm by 8 a.m.

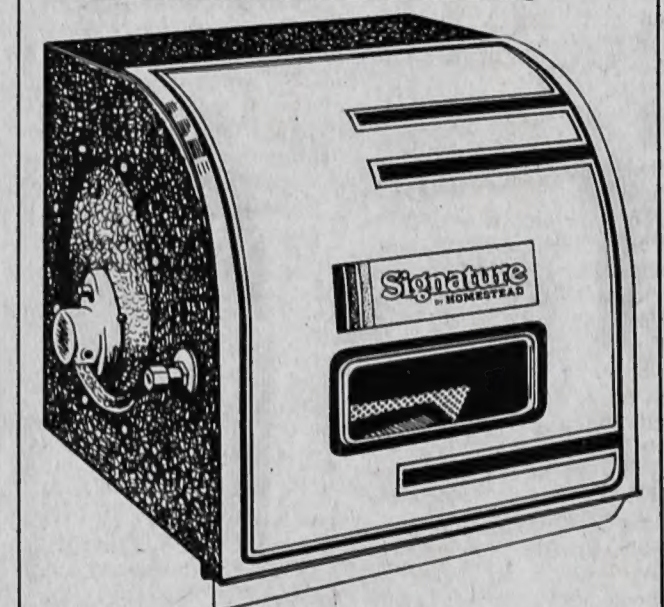

triple and average - Nelly Chynoweth - 578, 188. Men's high single and triple, Jesse Buxey, 262, 679 and high average - Harry Smith, 197.

Firemen's Hockey Pool winner for Saturday, December 23 was Shirley LeCraw.

Except for a broken wheel bearing, Kirbell Barkwell's truck was undamaged and found and returned to him. The truck was discovered stuck in the snow near Austin's Mill just east of Norland on Nevison Drive. I saw Kirbell a day or two later and he seemed most pleased to have his truck back and little the worse for wear.

Save your Christmas cards this year. Cut off the decorative front panels and use them as name tags for next year's gifts. They are especially attractive on those large parcels that are difficult to wrap. Saves money, too.

A SMALL PRICE FOR COMFORT... the SIGNATURE HUMIDIFIER.

With the coming of winter, the indoor air is dried out by the home heating system and often the moisture that is required for healthy and refreshing environment is lacking. To offset these problems, you can balance the amount of air moisture in your home with the Signature automatic humidifier by Homestead.

Miss Angella Sisson is home from Toronto for the Christmas holidays visiting her family.

Mr. and Mrs. Larry Robinson, (nee Juanita Sisson), have returned to Wetaskawin, Alberta, after a two-week visit here, with her parents, Mr. and Mrs. Holly Sisson and Mr. and Mrs. Cecil Robinson.

Mr. and Mrs. Murray Davis of Vinemount and family spent the holiday season at their home on the Irish Line.

Mr. and Mrs. Sherman Griffin and family of Lindsay, were at their cottage over the holidays.

Mr. and Mrs. Jim Stockley of Toronto visited with Mr. and Mrs. Ray Barry and family on the day before Christmas.

Mr. and Mrs. Wayne Sawyer of Oakville visited with Mr. and Mrs. George Jones a week ago Sunday. Also visiting with the Jones' over the holiday were Mr. and Mrs. William Deacon of Toronto.

Miss Shelly Jones of Tor-

onto was home with her parents, Mr. and Mrs. Leon Jones, over the school holiday.

Dale Griffin is home from Peace River, Alberta, for a visit with his parents, Mr. and Mrs. Noel Griffin.

Visitors with Mr. and Mrs. Jack Barry, during the holidays, were Mrs. Bessey Sims and Mr. Garry Barry of Toronto, and Randal Barry of Peterborough.

Gordon Stevens was home on leave, over Christmas, with his family. Gord is presently stationed in Halifax.

Visitors with Mr. and Mrs. Bob Adams and Barbara, over the holidays were, Mr. and Mrs. Jack Irvine and family of Minden, Mr. and Mrs. Frank Carlin and family of Lindsay, and Mr. Dennis Stamp and family of Midland and Mr. Glen Stamp and Glenda of Oshawa.

We are pleased to welcome Mr. and Mrs. Ken Hardy to the community. They are the new owners of Riverside Garage.

A new Year's Blessing: "May the road rise with you, and the wind be ever at your back; and may the Lord hold you in the hollow of His hand."

What a beautiful Christmas with soft snow falling most of the day, then cold sunny days for the rest of the week. The snowmobilers have sure been taking advantage of the winter weather. I still wonder when they sleep, as they seem to be going day and night.

I hope everyone had a happy Christmas. I know I did. Most of the villagers enjoyed the day with their families. Elsie Burk spent the weekend with her daughter Norma and family at Hillside.

Gloria and Ted Morris had all their family at home, including Ted's mom and dad from the Toronto area. Marcella and Hector McKay had their usual crowd of friends and relatives. Although they had Christmas dinner at their granddaughters, they had the gang at their house on Boxing day. Their daughter Susan of

Willowdale was home for the week and their son Earl, with his two daughters Lianne and Heather also spent some time at home. Blanche and Harry Clayton and granddaughter Teresa spent Christmas at the Clayton's daughter's home, Janet and Gabe Croce at Thornhill. They said there was no snow until Christmas Eve and Christmas Day everything was covered with snow and beautiful to see. I spent the day with my brother's family, Leon, Joyce and David McKay and enjoyed a delicious dinner and a beautiful day. Joyce's uncle Ernie was also there and we had a lively game of 500 in the evening.

The midnight service at St. Mary Magdalene's was well attended and greatly enjoyed by the congregation. This is always an inspirational service.

Don't forget the Seniors group meetings on Wednesday, January 10 at the Ride-out Community Centre. A committee meeting at 2 p.m. and a business meeting at 8 p.m.

Coboconk News

by Shiela Lake

Friday, December 22 saw the annual Christmas concert program at Faith Tabernacle. An overflow crowd was in attendance to see the youngsters give their all in their various parts. John Brohm, home from Queen's University at Kingston, led the singing and acted as M.C. Singing began with singing of "O Come All Ye Faithful".

Pastor B. Cross opened in prayer. Welcome was given by Steve Harris. June Powell's class had a skit on the birth of Christ. The Rhythm Band in their colorful costumes were enjoyed by all. The congregation sang "Joy To The World", followed by the singing of a duet by Dianne Powell and Kerry Downes. The word Christmas with one letter held by each child was displayed across the platform. June Foster's class had the word Jesus, each child with a letter and a verse beginning with the letter that child held.

Five boys with their drums, accompanied by the piano sang "The Little Drummer Boy". Another carol "Hark The Herald Angels Sing" was sang by all.

Frances Farrow's class had a skit, The First Gift. Lisa, Donna and Denise Hannivan sang a trio, "Have Faith, Hope and Charity". Joan Batty's class had a play with

the Christmas theme. Doug Michel's class had a salvation message play with the rehearsal being carried out. Robert Reese, on crutches, since he is recovering from a broken leg, was very emphatic in his Christmas message.

The First Noel was sung by all, after which there was a Christmas drill with angels dressed in their angel gowns and silver and green halos. A Christmas story followed "All About Christmas". A trio then sang.

Closing was by Angela Rae after which the program closed with prayer and gifts and treats were handed out.

Miss Marlene Farrow was home for Christmas from London, and enjoyed the time with Mr. and Mrs. Lorne Farrow and brother Dwayne, Mr. and Mrs. Eddie Hower, (Fanny's sister, Myrtle), of Thornhill were recent holiday

visitors of Fanny and Sanford Richman. Cara and Helen Richmond of Toronto also visited the Richman's. Mr. Herb Fell and girls of Lindsay visited Mr. and Mrs. Sanford Richman on Christmas.

Trinity Full Gospel Church held their Christmas program early this year and I'm sorry I missed it as I usually attend but did not know about it until it was all over.

Knox United Church held a lovely Christmas eve service that was well attended. Faith Tabernacle held a "Sing-Spiration" candlelight service on Sunday evening, December 24. The church was lit entirely by candles and the entire evening was in special singing, trios, duets, choir and the congregation. Mostly Christmas songs and songs pertaining to Christ's birth were sung.

Kinmount Klippings

by Fran Crawford

Hi folks. I hope everyone had a jolly good Christmas and best wishes for the new year.

I am sorry I missed last week's paper. But will try and make up for it this week. I would like to thank the helpers I have with my news.

The Kinmount U.C.W. held their Christmas party on December 13 at the home of Mrs. Allan Brown. There were 21 present. A Christmas story was read, followed by a sing-song of carols. A delicious lunch was served and enjoyed by all.

The senior citizens club Number 714 held their annual Christmas dinner on December 20 at the Legion Hall. Thirty-eight enjoyed a pot luck dinner with all the trimmings, followed by presenting gifts to everyone, the afternoon was enjoyed by everyone playing cards and dancing.

Guests for the holiday weekend with Percy and Florence Sherman were Lavena Powell from Thornhill and Tom Bacon of Kinmount.

Our salty soul from Seeley's Bay, Port Perry and Crystal Lake, Earl Free, has been in Oshawa General Hospital and had an operation. We expect he will be home one day this week.

Our condolences to Alice Pearson and family on the sudden loss of her sister.

The children of Kinmount Public School held their Christmas performance in December. It sure was a delight to all, thanks to the efforts of principal, teachers, students and their parents.

Many fishermen were reported at the Crystal Lake dam. Whitefish were running and so was the open water not 50 feet from some of them. Please use caution, that fish dinner could be tragic, the parking gets quite hazardous; so please park as far off the roads as you possibly can.

The Kinvale Restaurant is changing hands. Joe and Erica Zeus, and their family have become great friends to the community. Paul and Angela Franz are the new owners, but not new to the district, so we wish you the greatest success in your new venture. We understand some renovating is to take place before the grand re-opening.

Dan and Jim Maguire were home for the holidays and giving lessons to their little sister on the art of sleigh riding.

Richard March, a Crystal Lake cottager, died suddenly December 23 as a result of a car accident. Sincere sympathy to his wife Betty and family. Rich always had a smile, a story or a good word for all.

We hear Lloyd Crowe is planning a hospital trip after the new year and so is Lorean Swinson. Best of luck to you both and a quick recovery.

Marguerite Curtin has been recuperating at St. Joseph's Hospital at Peterborough. She has been cared for at home by her many good neighbours, especially Flo and Doug Drinkle.

Sincere sympathy to the family of Mr. Gerald Robinson of Four Mile Lake who passed away suddenly on Friday.

Mr. and Mrs. Bill Bluet and family spent Christmas with Mr. and Mrs. Alfred Bluet.

Mr. and Mrs. Joe Hartin were visiting over Christmas. Holiday visitors with the Crawfords were Harold

Handey and Mayda of Barrie, Mr. Dave Hiltz and Brenda Tomporowski and Conrad of Brampton and Doug Scott of Carnarvon.

Many people returned to the lakes for the holidays. There were fishermen, cross country skiers and snowmobilers. Friday night the lake was alive with movement but as people realized that it was soft, slushy and wet in many spots the lake fell idle. Wisely so, I might add.

The Oakleys staying at Mrs. Hickey's had a scare December 27. Donna and a friend started off on a snowmobile for a short spin. They ran out of gas with one machine, and the two set off towards home or gas station.

They had left home about three and were returned late in the evening. They had strayed to Bobcaygeon and someone from Bobcaygeon brought them and their one machine home to a very anxious family.

Visitors with Kaye Allen and Gerard over the holiday were Ralph, Judy and Karey.

Lynn Allen from Downsview, Mr. and Mrs. Pat McGillan, Michael and Jamie of Peterborough, Paul and Blanche, Colleen and Jackie Allen of Oshawa, Mary and Norm Graham, Kevin and Karen of Norland and Phillip, Kathy, Adrian and Trevor of Fenelon Falls.

Gary Peters played to a full hall after dinner at Royal Canadian Legion Branch 441. Mrs. Aileen Brown won the \$17.75 50-50 draw Saturday at the Legion.

The New Year's party at the town hall was a booming success and Tommy Williamson, disc jockey, put up some real good music for the dancers.

Fred Barnes (disc jockey) of Burnt River, played to a full house at Galway hall New Year's Eve. McTaggart piped in the new year and everyone enjoyed champagne at midnight.

Happy new year to everyone and may it be a healthy and prosperous 1979 to all. See you next week.

Carnarvon News

by Yvonne Penney

It was standing room only at Carnarvon United Church on Christmas Eve. The service of Christmas music was certainly well received by people from Haliburton, Minden and the surrounding area as well as many visitors to the area. Nice to have Don Wright and his two sons join with us on their trumpets. It was a very commercial time, so many people really do appreciate the true meaning of Christmas.

Many young people were at home to spend Christmas with their families. Some that I saw were Sandra and Lynn Barnhart, also Mark Fennell of Peterborough, Ralph Johnson of Lindsay, Roger and Barb Harrison and family of Oshawa, Paul and Gwen Harrison of Montreal, Peter Doey, the Wallace girls, Rick and Carolyn Kinsman, Ken and Dick Stouffer, Ken and Sharon McKay and no doubt, many others.

On the weekend, Ken and Gloria Bannon and Sandy went to Trenton to share Christmas with Gloria's parents and returned home Christmas Eve to spend Christmas day with Ken's parents at Hawk Lake.

Ella and Fred Toye had all their family home for Christmas and had quite a houseful.

We certainly have been blessed with good driving weather over the Christmas season.

Marilyn and Bill Skelding had a new arrival on Tuesday night. A baby boy - six pounds, one ounce, born in the Red Cross Hospital at Haliburton. Congratulations to proud parents and grandparents.

Cec and Yvonne Penney and girls went to Bowmanville on Wednesday to visit with her sister, Fern, who is a bank manager in Oshawa. We arrived home on Thursday night to more cold weather. You fellows around Carnarvon will be glad to hear I got some new snow tires and shouldn't need to be pushed quite so often anymore.

Muriel and Natasha Robb have had Muriel's mother, Mrs. Alice Smith, visiting over the holidays.

Jim Johnston, Independent Tradesman, Haliburton - Ontario, Alterations - Renovations - Additions, Phone 457-1433.

Harcourt News

by Barbara Deterling

The people of Harcourt would like to wish all The Echo readers a Happy New Year. As we look back over 1978 we find a number of highlights to remember.

The Harcourt Hall Board held numerous successful events including a Talent Contest and many dances. The 1978 Fun Fair Committee worked hard under the Chairmanship of Donna Burroughs to spruce up the Community Centre and surroundings in preparation for the Ball Tournament.

Mac Gadway and Byron Bain worked for some weeks building new fences and getting the Ball Park "ship shape". The result was a great success and a job well done by all.

The Recreation Committee, with the help of a government grant hired some local teenagers to clear the lot on Benois Lake in order that the Harcourt people can use the beach for picnics and swimming.

The Ladies Committee have endeavoured to raise enough money to replace the drapes in the hall. This will be accomplished early in the new year.

An unfortunate fire in April resulted in Sherwood Townsend's family losing their home and belongings. Since then they have had a lovely new home situated on their lot.

Mac Gadway is building a new home on the hill behind Schwandt Lumber Store. The view from this home must be spectacular.

On a sad note, we remember the passing away of Harry Hughey. He was born in Highland Grove, lived there, then Wilberforce, and eventually settled in Harcourt.

Harry worked for Wilberforce Veneer, and then

lot. Fitness fits in. Victoria Laundry Dry Cleaning Agents, Haliburton Haliburton Travel, Minden, Stedmans.

Swandt Lumber, where he retired two years ago. He was known by many as being an excellent hunting guide and will never be forgotten for his many years of dedicated time to the sport.

Being an area widely populated with cottagers, Harcourt business people depend largely on these cottagers for their success. A few of the local business people have commented on their year.

Betty and Chuck Irvine of All Weather Sports report business is up from the previous year, and expect to have an even better winter in '79 thanks to the Paudash Trail Blazers Snowmobilers Club who have groomed the trail from Paudash through into Harcourt and then up into the Peterson Trail. This

will result in lots more snowmobilers coming straight through Harcourt and thus patronizing the local businesses.

Bill Gattwald from Bell Marine says he has no complaints and had a very good year.

As the new owners of Elephant Lake Lodge have just completed their first full year, Bill and Sandy Smith state that '78 was better than they ever expected it would be. Spring and fall brought far more business than they anticipated and lots of good fishing.

Eva Linkert opened her new Handicraft Shop on July 1 weekend. She says that her business was up from previous years in the bakery and anticipates better years to come as people discover that

she is there. Joe Atkinson of Pine Grove Point reports that he and Jackie had their best year and hopes for the same in '79.

Carol Rogers from Ridgeview Restaurant thanks all their customers for making their year a success.

Schwandt Aggregate and Lumber Store were busier than ever in '78. Chester Schwandt reports that there was never a want for work and always something to keep them busy.

Denise Waymouth, proprietor of Silver Springs, comments that they had a better year than '77, however, there was still room for improvement.

And last, but certainly not least we hear from Herman Poppe that G.W. Martin Lumber Company have had an excellent year and 1979 looks hopeful.

All in all it looks as if Harcourt has had a very successful year. Every business has done better than the previous year, and that's good for all of us.

All in all it looks as if Harcourt has had a very successful year. Every business has done better than the previous year, and that's good for all of us.

Denise Waymouth, proprietor of Silver Springs, comments that they had a better year than '77, however, there was still room for improvement.

And last, but certainly not least we hear from Herman Poppe that G.W. Martin Lumber Company have had an excellent year and 1979 looks hopeful.

Denise Waymouth, proprietor of Silver Springs, comments that they had a better year than '77, however, there was still room for improvement.

Swandt Lumber, where he retired two years ago. He was known by many as being an excellent hunting guide and will never be forgotten for his many years of dedicated time to the sport.

Being an area widely populated with cottagers, Harcourt business people depend largely on these cottagers for their success. A few of the local business people have commented on their year.

Betty and Chuck Irvine of All Weather Sports report business is up from the previous year, and expect to have an even better winter in '79 thanks to the Paudash Trail Blazers Snowmobilers Club who have groomed the trail from Paudash through into Harcourt and then up into the Peterson Trail. This

will result in lots more snowmobilers coming straight through Harcourt and thus patronizing the local businesses.

Bill Gattwald from Bell Marine says he has no complaints and had a very good year.

As the new owners of Elephant Lake Lodge have just completed their first full year, Bill and Sandy Smith state that '78 was better than they ever expected it would be. Spring and fall brought far more business than they anticipated and lots of good fishing.

Eva Linkert opened her new Handicraft Shop on July 1 weekend. She says that her business was up from previous years in the bakery and anticipates better years to come as people discover that

she is there. Joe Atkinson of Pine Grove Point reports that he and Jackie had their best year and hopes for the same in '79.

Carol Rogers from Ridgeview Restaurant thanks all their customers for making their year a success.

Schwandt Aggregate and Lumber Store were busier than ever in '78. Chester Schwandt reports that there was never a want for work and always something to keep them busy.

Denise Waymouth, proprietor of Silver Springs, comments that they had a better year than '77, however, there was still room for improvement.

And last, but certainly not least we hear from Herman Poppe that G.W. Martin Lumber Company have had an excellent year and 1979 looks hopeful.

Haliburton Highlights by Creighton Feir

We would like to take this opportunity to welcome Rev. Jack Chamberlin, the new Pastor of the Allsaw Pentecostal Church to our community. I had a long chat with Rev. Chamberlin recently and he told me that he is at present living in Caledonia, Ontario and is just here for the weekends to do his visiting and hold his services on Sundays. In the very near future he hopes to move his family to Haliburton and be a resident of our community.

The Rotary Club of Haliburton held its annual Millionaires Night on Thursday, December 28th.

Carnarvon News

from page 9
son in the store at Hall's Lake. It was a pleasure to drop in for a coffee and a chat with her in the past. Good luck, Doreen, in whatever you may do.
I was speaking with one of Vi Wallace's daughters today and apparently Vi is progressing nicely. All the best to you, Vi.
All the best to all for 1979.

Drive carefully or better yet walk, it's safer.
Colin and Julie Russell were home from Montreal for Christmas, also Ron from Toronto.
Judy and Wayne Johnson announce the arrival of a daughter, Sarah Marinda, Seven pounds, 15 ounces, born Friday, December 29 at Ross Memorial Hospital in Lindsay. Congratulations.

Coboconk News

from page 8
Mrs. Annie Marles visited Mrs. Etta Teel at Little Britain on Wednesday evening, also visited her sister, Mrs. Ada Irwin in Lindsay. Christmas visitors of Mrs. Marles were Mr. and Mrs. Louie Marles of Peterborough, Mr. and Mrs. Bill Goode and boys of Queensville, Mr. and Mrs. Ross Fisher of Lindsay and Mr. Walter Marles of Lindsay.

Mr. and Mrs. Terry Andrews enjoyed the Christmas and holidays with Mr. and Mrs. Montgomery of Toronto and Mr. and Mrs. Al Drennen of Guelph and also visiting were Mrs. R. Dobb, Mrs. A. Eason and Mrs. H. Berger of Toronto.

Mr. and Mrs. Wayne Rutter and family of Wilberforce were Christmas visitors of Wayne's parents, Mr. and Mrs. Tom Rutter and Garnet. Recent visitors of the Rutter's were Mr. and Mrs. Jim Rutter of Omenece and Mr. Norman Rutter of Lindsay. Mr. and Mrs. Bob Callan spent Christmas with Mr. and Mrs. Gary Callan and boys at Little Britain.

Mr. Lloyd Faulkner, Mr. Lawrence Davis of Belleville, Mr. and Mrs. Fred Brecht and family of Toronto were Christmas visitors of Mr. and Mrs. Ross Faulkner. Karl Brecht stayed the week with his grandparents here.

Mrs. Mildred Faulkner accompanied Mr. and Mrs. Jim Mohr and Lisa of Lindsay and motored to Smith Falls to visit Mr. and Mrs. Norman Faulkner and family.

Mrs. Dot Burrows and family and daughter-in-law Margo and little granddaughter, motored to Florida to visit her mother, Mrs. Woodcock over Christmas.

Mr. and Mrs. Roy Peyton and Debbie of Manchester were Christmas visitors of Mr. and Mrs. Ken Frolick and Clara.

Mrs. Katie Bradamore spent Christmas in Toronto with her daughter and family.

Mr. Charlie Weaver who was in hospital in Toronto was moved to Lindsay just before Christmas and was able to be out to spend Christmas with his family.

Mrs. Elizabeth Hannivan was home with daughter, Mrs. Betty Moore over Christmas and returned to Case Manor on December 27.

Mr. Peter Barbour, who is pastor of a church at Simcoe enjoyed Christmas with his family, Mr. and Mrs. Bob Barbour, Mr. and Mrs. Tom Barbour journeyed to Guelph to visit her brother, Gary and family on Christmas weekend.

Mrs. Murray Summerfeldt is home following surgery in Ross Memorial Hospital. Trust you are much better, June, and didn't tire yourself out over Christmas.

I was in to see Mrs. Millyard just before Christmas and am glad to report she is getting about quite well with the aid of her walker. Harlette spent many weeks in Lindsay's Ross Memorial Hospital recovering from a broken hip. Mr. and Mrs. Souter, who bought her store, are very kind and helpful and I know Mrs. Millyard appreciates them very much.

Mr. and Mrs. Carmen Cornacchia of Toronto were visitors of Mr. and Mrs. Pat Angiers and family.

Mrs. Claire Brooks of Minden, Mr. Bill Brooks of Toronto and Mrs. John Spinos and son of Toronto were holiday visitors of Mr. and Mrs. G. Lake.

In the Wednesday, December 27 issue of the Toronto Sun we noticed a little humour in the column written by Gary Dunford. It was headed No Luck. Have you heard about the two Church Street accountants who had no luck ice fishing last weekend? They drove all over Haliburton and couldn't find a hole big enough to put their boat in.

The Municipality of Dysart et al reminds everyone that no parking will be permitted on snow routes which interfere with snow removal operations. Failure to observe this regulation will result in the removal, by wrecker, of the offending vehicle, authorized by the Road Superintendent Howard Roberts and impounding the said vehicle until all towing fees are paid.

Bank of Montreal branch manager Ron Hore received good news about his Haliburton Village branch. The bank is expected to relocate to new quarters next year and he won a trip to the Bahamas for a week for winning an "Annual Award of Excellence". Congratulations.

The rain that we had on New Year's Eve and New Year's Day really took the snow down and made the lakes quite slushy. The snowmobilers tell me that if it freezes now it should make it great for snowmobiling on the lakes.

NAVIGABLE WATERS PROTECTION ACT

R.S.C. 1970, Chapter N-19

THE CORPORATION OF THE TOWNSHIP OF MONMOUTH hereby gives notice that it has, under Section 8 of the said Act, deposited with the Minister of Transport, at Ottawa, and in the office of the District Registrar of the Land Registry District of THE PROVISIONAL COUNTY OF HALIBURTON at MINDEN, ONTARIO, a description of the site and the plans of DILLMAN'S BRIDGE proposed to be BUILT over THE IRONDALE RIVER in Lot Number 32, Concession 12, TOWNSHIP OF MONMOUTH.

And take notice that after the expiration of one month from the date of the publication of this notice THE CORPORATION OF THE TOWNSHIP OF MONMOUTH will under Section 8 of the said Act apply to the Minister of Transport, for approval of the said site and plans.

Dated this 3rd day of January, 1979.

Mr. K. Tallman
Reeve

Mrs. S. Hunter

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY A PORTION OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN LOTS 30 AND 31, CONCESSION IV, IN THE TOWNSHIP OF GUILFORD IN THE PROVISIONAL COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284, Sec. 443 of the Municipal Act as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on January 15th, 1979 a By-Law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Guilford, in the Provisional County of Haliburton, being composed of part of the original allowance for road between Lots 30 and 31, Concession IV, in the said township, lying North of Eagle Lake, and which said parcel or tract of land may be more particularly described as follows:

Premising that the bearings herein are astronomic and derived from Registered Plan 483 for the said township. Commencing at an iron bar at the North Easterly angle of Lot 9, Registered Plan 483, which is distant 550.72 feet measured Southerly along the Easterly limit of the said Lot 30, Concession IV, on a course of South 20 degrees 55 minutes East from the North Easterly angle of the said Lot 30;

Thence North 43 degrees 48 minutes East, 73.00 feet to an iron bar at the North Westerly angle of Lot 10, Registered Plan 483;

Thence South 20 degrees 55 minutes East along the westerly limit of Lot 10, Registered Plan 483, 250 feet more or less to the inner limit of the original allowance for road around the shore of Eagle Lake;

Thence Westerly along the said inner limit to the South Easterly angle of Lot 9, Registered Plan 483 and being a point in the Easterly limit of the aforesaid Lot 30;

Thence North 20 degrees 55 minutes West along the Easterly limit of said Lot 30, a distance of 240 feet to the Point of Commencement.

Which said parcel or tract of land may be further illustrated shown outlined in red on a plan drawn by H.C. Bishop, O.L.S., dated November 14, 1978, and available for inspection at the Municipality of Dysart et al Office, Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON, ONTARIO this 18th day of December, 1978.

27. THANK YOU

Mrs. Kennedy and Mrs. Kemmerer for the lovely plant. Thanks to my doctors and nurses during my surgery and convalescence. God bless you all.

Ethel Saunders
3

The family of the late Sadie A. Harvie would like to thank relatives, friends and

Maple Lake News

from page 7

spent Christmas with their families, Gerie Upton, Ray and Dorothy Upton and family, and George and Marge Nichols and family.

Ken and June Bannon along with Winnie Fader spent one day last week with Karl and Eileen Barry of West Guilford.

I would like to take this opportunity to ask the people

who snowmobile past the Maple Lake United Church if they could stop between the hours of 2 and 3 p.m. on Sundays, as everyone reports that they can hardly hear the minister speaking above the noise of the snow machines.

I would hope that everyone had a wonderful Christmas and a very happy new year. Cheerio for now.

Chatting with Irene

from page 8

One thing I would like to see done is for each township to let their taxpayers know who is the building inspector or bylaw officer for their township. It seems that there are at least five W. Moores listed in the telephone book, some of them are connected with some townships, and we have received calls from folk wanting permits; as we live in Minden, we are of no help.

Warren and Susan Payne and Mr. and Mrs. Bill Payne spent Christmas with Barbara and her husband in Guelph.

Carol Toye and daughters

spent several days in Oshawa last week.

I'm not starting 1979 off too good am I for the column is a bit short, but I would like to leave this thought with you for the coming year. I'm afraid I'll fall asleep if I don't stop.

I'm not as well-off as I'd like. Of money I haven't a lot; The weather is wearing me down, And cruel afflictions I've got. But I grin at the thought - "Goodness me, What a jolly sight worse things could be".

Adios and take care now.
